

model::Observer

```
graph BT; Score[model::Score] --> Observer[model::Observer];
```

A UML class diagram illustrating inheritance. The class `model::Observer` is represented by a white rectangle with a black border at the top. The class `model::Score` is represented by a gray rectangle with a black border at the bottom. A blue arrow points from the top of the `model::Score` box to the bottom of the `model::Observer` box, indicating that `model::Score` inherits from `model::Observer`.

model::Score
