

model::World::snapToCorridor

```
graph LR; A[model::World::snapToCorridor] --> B[GridMap::getHeight]; A --> C[GridMap::getWidth];
```

The diagram illustrates a function call. A gray rectangular box on the left contains the text 'model::World::snapToCorridor'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing 'GridMap::getHeight'. The bottom arrow points to a white rectangular box containing 'GridMap::getWidth'. All boxes have a thin black border.

GridMap::getHeight

GridMap::getWidth
