

model::Ghost::update

model::PacMan::update

model::World::isMoveValid

```
graph LR; A[model::Ghost::update] --> C[model::World::isMoveValid]; B[model::PacMan::update] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'model::Ghost::update' and the bottom box contains 'model::PacMan::update'. On the right, a gray rectangular box contains the text 'model::World::isMoveValid'. Two blue arrows originate from the right side of the white boxes and point towards the left side of the gray box, indicating that both 'model::Ghost::update' and 'model::PacMan::update' interact with or call 'model::World::isMoveValid'.
